Introductions

- » Personal introductions
- Our countries

Kristina Cvetković

- Teacher, freelance teacher trainer, president of EDUnaut, project leader, tour guide
- One of the leading authors of the United Nations Alliance of Civilizations Report to the Secretary-General's Envoy on Youth for the operationalization of Youth 2030: the UN Youth Strategy (following the participation at 8th Global UNAOC Forum).
- The group of authors made recommendations to the UN regarding its role in the empowerment, partnership, and support of youth in the context of: prevention of violent extremism, use of media and new technologies; peacebuilding using intercultural and interreligious dialogue.

EDUnaut

Lifelong Learning and Development Association
Croatia

Dom za djecu Maestral – Miljenko i Dobrila

Workshops with children and youth – Guidance and motivation, communication skills in English

Educators from all levels of the education system (early and preschool, elementary, secondary and higher education) interested in the present and future role of education

Goals

- development and implementation of educational activities aimed at children, youth and adults
 - affirmation of creative, innovative, holistic approaches to learning
 - promotion of civic education and the development of the culture of peace, non-violence and pluralistic society
 - popularization of science and research-oriented approaches
- ▶ - promotion of non-formal education, mobility of youth and adults
 - affirmation of social entrepreneurship
 - ▶ - encouragement of transectoral and transdisciplinary co-operation
 - national cultural heritage preservation

Social (Media) Inclusion Erasmus plus Project

- ▶ However, its members have been involved in intercultural dialogue and media literacy and by offering our experience and expertise in this area we can contribute to the group.

CROATIA

What is the capital of Croatia?

2. About education policy in our countries

CROATIAN

EDUCATION SYSTEM

EDUCATION POLICY IN CRO

ministarstvo
znanosti
obrazovanja
i športa

- Education in Croatia, the most recent member state of EU (few years), is mainly provided by public sector.
- The supreme body for primary and secondary education as well as for the Universities is Ministry for science, education and sport.
- Low regional independence–centralization

ORGANISATION OF EDUCATION AND CARE

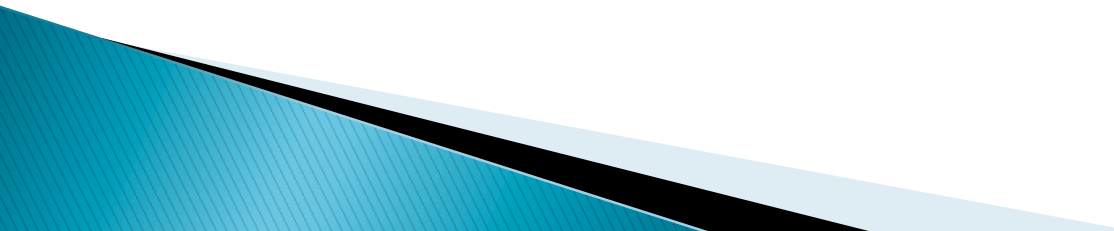

- ▶ *EARLY CHILDHOOD EDUCATION AND CARE*
 - ▶ *PRIMARY SCHOOL*
 - ▶ *SECONDARY SCHOOL*
 - ▶ *HIGHER EDUCATION*
- 

EARLY CHILDHOOD EDUCATION AND CARE

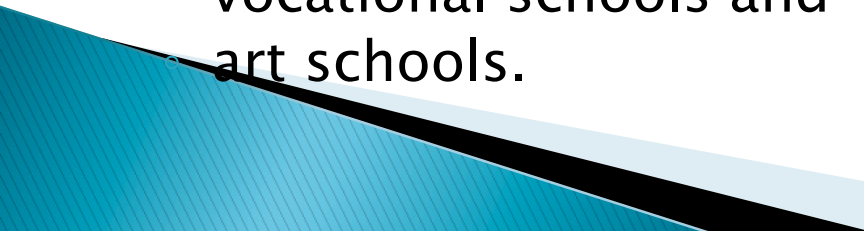

- ▶ optional (from 6 m to 6 yo)
- ▶ parents pay costs (less in richer cities and places)

PRIMARY SCHOOL

- compulsory (from 6 to 15 yo)
 - eight (*soon nine*) grades
 - free of charge for the beneficiaries / *including school books from next year* 😊
 - teacher chose textbooks from list which are approved by Ministry for science and education
 - expected learning outcomes are prescribed by the National Curriculum Framework
- 

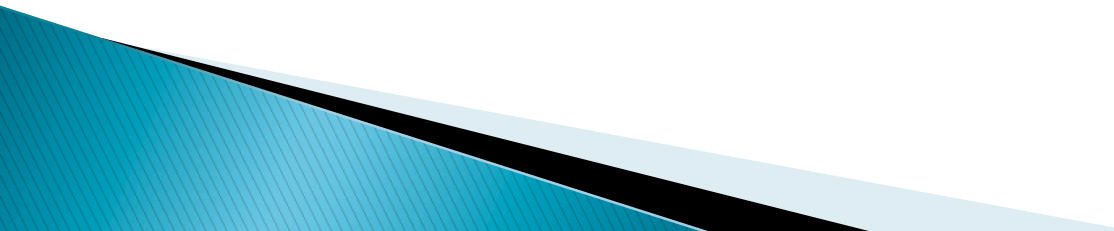

SECONDARY SCHOOL

- optional
 - secondary education begins by enrolment into high school via the Internet system
 - free of charge for the beneficiaries but parents must buy school books and transition to school (but Ministry and local governments help with costs)
 - secondary education enables students to acquire knowledge and competencies to work or to continue education.
 - secondary schools last from 3 to 5 years
 - depending on the type:
 - grammar schools,
 - vocational schools and
 - art schools.
- 

HIGHER EDUCATION

- study in Croatia is mostly financed by government, according to the planned quota of students
 - in academic year 2005/6 Bologna Process was implemented
 - Croatia has eight universities:
 - University of Zagreb, University of Split, University of Rijeka, University of Osijek, University of Zadar, University of Dubrovnik, University of Pula and Dubrovnik International University.
- 

LEVEL OF EDUCATION NEEDED TO WORK IN EDUCATION SYSTEM IN CRO

- *EARLY CHILDHOOD EDUCATION AND CARE – educators (bachelor's degrees)*
 - *PRIMARY SCHOOL – teachers (master's degrees)*
 - *SECONDARY SCHOOL – teachers (master's degrees)*
 - *HIGHER EDUCATION – teachers (doctorate)*
- 

TEACHERS AND EDUCATION STAFF IN PRIMARY AND SECONDARY SCHOOL

- ▶ teachers in Croatia are public employees
- ▶ teachers have possibility of professional progression through two levels:
 - teacher mentor,
 - teacher advisor.

*benefits: *better salary, status...*

**obligations: *cooperation with the ministry...)*
