

living things

What are living things?

► Think about it

- 2 Look at the photos.
What living things can you see?
Can you see air and water?

What **living things** can you see?

I can see a **girl**.

- 3 Draw some living things.

Final task

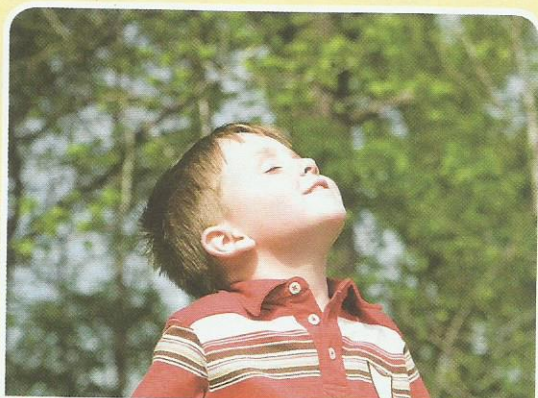

Make an air and water poster

Who needs air and water?

Key words

- breathe
- drink

Living things need air and water to live.

We need air to breathe.

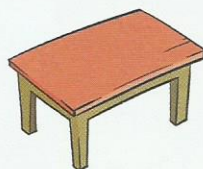

We need water to drink.

▶ Think about it

1 Circle the things that need air and water.

horse

table

tree

children

house

pencil

2 Think of things that need air and water.

What needs **air** and **water**?

A cat!
