

How to wash your hands - ANSWERS

1. Match them up!

Match the words with the definitions.

to wet	→	one of the places on your hand where your fingers bend
to apply	→	the inside part of your hand (not the fingers)
to rub	→	to put water (or another liquid) on something
a palm	→	the thin, hard thing at the end of your fingers
a knuckle	→	to put on or spread something, for example soap or cream
a thumb	→	to touch two things together, moving in circles or up and down
a nail	→	to take dirt or soap off with water
to rinse	→	the short, thick finger on the side of your hand

2. Where does it go?

Watch the video. Write these words in the correct group.
