LOGROS

- Desarrollo de relaciones sociales empleando el inglés para comunicarnos.
 - Mejora de mis habilidades personales en el idioma inglés.
 - Conocer una parte de la historia ,la cultura y otros importantes aspectos de Irlanda y sus gentes.
 - Establecer contactos para futuras movi**l**idades.
 - Aumento de la autoconfianza y autonomía personal para desenvolverse en el aula usando la tecnología.
- Intercambio de experiencias y conocimientos con profesionales de diversos países europeos.
- Introducción a una amplia gama de aplicaciones.
 - Mayor conocimiento del uso de la tecnología en el aula y en la web como recurso de enseñanza.

- Una mayor conciencia de cómo la integración de la tecnología en las experiencias de aprendizaje puede ayudar a integrar la escuela en la vida de los estudiantes para que se involucren más en su aprendizaje dentro y fuera del aula.

- Portafolio digital de planes de lecciones y material creado para actuar como una referencia para implementar nuevas técnicas en nuestros colegios y como ayuda para difundir el proyecto a los compañeros.

PROPUESTAS DE MEJORA

1ª .- Fue necesario llevar nuestros ordenadores con el consiguiente riesgo que conlleva trasladarlos de un país a otro. Por este motivo propongo que el Alpha College nos permita utilizar sus ordenadores.

2ª.- Debido a que al utilizar tanto el internet del Alpha como el de la residencia había más exposición a virus informáticos mi segunda propuesta es aumentar la protección antivirus en dichas instituciones.
